

WE THINK WE CAN,
WE THINK WE CAN,
WE KNOW WE CAN!

The Family Guide to
Citizenship
at

McKenzie School
2017-2018

Dear McKenzie Families,

The **McKenzie Citizenship Handbook** was designed and written to provide consistent guidelines and a common language for the rights, responsibilities, and expectations that exist for members of our school community. On the pages that follow, you will find that unlike traditional discipline handbooks, this guide states the behavior **WE KNOW WE CAN** expect from our students, families, and staff. These **positive** traits and behaviors enable us to become successful learners and productive Wilmette citizens.

The three key strategies that we use to promote effective citizenship in our school community are 1) maintaining a physically and emotionally safe environment, 2) respecting the feelings and rights of others, and 3) using appropriate problem-solving strategies to resolve conflicts. We firmly believe these positive behaviors can and should be taught. In addition to reinforcing our school rules, teachers use the *Second Step Program* to help equip our students with strategies for making good choices to become effective problem solvers. Our school also uses the Habits of Mind as a framework for teaching behaviors that lead to success for a lifetime. You will hear much more about the instructional components of our social skills curriculum throughout the coming school year. Your child's report card will indicate the degree to which he/she is able to demonstrate these **Characteristics of Successful Learners**.

Teaching skills for a lifetime requires consistency between home and school. Parents are important role models, so climb on board! We count on our families to reinforce the message conveyed in this handbook. **Please read and discuss this booklet with your child at this time; then, use it as a reference guide throughout the school year.** By working together, we can ensure that McKenzie School continues to be a *GREAT place to learn and a GREAT place to grow.*

To a wonderful year!

Rachel Felppa

- wait my turn in all cafeteria serving lines.
- say “please” and “thank you” to people who help me.

If a problem occurs in the cafeteria, I can expect that the following logical consequences will occur:

1. A supervisor will talk with the students involved to try to resolve the problem.
2. If a problem persists, the offending student will write a letter detailing the behavior. Dr. Welter or Mrs. Young, the supervisor, and the student will sign it. The letter will then be taken home, signed by a parent, and brought back the next day.

If a problem occurs on the playground during recess, I can expect that the following will occur:

1. The teacher or supervisor will talk with the students to try to resolve the problem.
2. If a problem persists, the student will be assigned to the "time-out" wall for a period of time deemed appropriate by the supervisor; or, in the case of more serious infractions, the student will be assigned indoor lunch recess. Parents will be notified when this intervention is warranted.
3. In the event of a more serious problem on the playground, such as bullying or activity resulting in injury (or the potential for injury) to another child, the classroom teacher and Dr. Welter/Mrs. Young will be notified. McKenzie General Playground Rules

Play Safely and Have Fun!

1. Respect and follow directions of all playground supervisors.
2. Agree on rules for games before the game begins.
3. Use Second Step Calming Down Strategies to manage difficult emotions.
4. Keep your hands and feet to yourself.
5. Use appropriate language, remembering to say "please" and "thanks".
6. Include everyone in all games. Invite latecomers to balance sides. Remember: You can't say- "You can't play."
7. Leave all sand, snow, stones, sticks, wood chips, and acorns on the ground. Do not throw anything other than balls.
8. Never use playground/recess equipment in a way that could risk causing injury to another student.
9. Playground balls should be shared. Children are not allowed to kick balls on the blacktop or up to the roof. Return balls to the storage bin at the end of recess.
10. Stay away from the bike racks, shrubbery, and from the far edges of the playground. Remember: if you cannot see a playground supervisor, you are too far away from the blacktop.

Playground Equipment Rules

1. Children are to slide one at a time by sitting on their back pockets, facing forward. Walk up the slide using the stairs only.
2. Take turns.
3. Play chase/tag games only in grassy areas away from the equipment and only with others who want to play.
4. Play ball games only in areas away from playground equipment to avoid injury.
5. Only one child can be on a swing at a time. If others are waiting, take 50 swings then let the next in line have a turn.
6. Kicking balls is only allowed in open grassy areas, not against or near the building or playground equipment.
7. Ask a friend to be your spotter if you are doing tricks on the horizontal bars.
8. Stand back from swings and rings so that you are not accidentally kicked.

Winter Recess Rules

1. Expect to be outside for recess most winter days.
2. Dress for the weather with a heavy coat, hat, gloves, snow pants, boots and a scarf. We will only stay inside when the precipitation is more rain than snow or when the wind chill becomes dangerous for children. (Temperature + wind chill <5).
3. Snow is to remain on the ground or in a sculpture; snowball throwing is not allowed on school property (before, during, or after hours) or at the bus stop.
4. Students may roll snow into snowmen or forts, or may sculpt snow shapes.
5. Students are expected to be respectful of other students' snowmen, forts, snow piles, and sculptures. The snow belongs to everyone!
6. "King on the Hill" is not allowed at school. Pushing on snow and ice is too dangerous for recess play.

Bicycles, Scooters, Rollerblade and Skateboard Rules:

1. Unless accompanied by their parent, only 3rd and 4th grade students are allowed to ride these items to and from school. Second graders may ride their bikes after they have completed the bike safety course in the Spring.
2. Helmets should be worn when riding.
3. Dismount bikes, skates, roller blades and skateboards and walk them when you approach the school grounds or the bike path between Prairie and 15th Street. For the safety of those on foot, bicycles, skates, rollerblades and skateboards may not be ridden on school property between the hours of 8:25-8:50 and 3:15-3:30. This includes the blacktop, sidewalk in front of school, and the bike path alongside the school.
4. Students are to stay away from the bike and skateboard racks until dismissal time.
5. Upon dismissal, children riding bikes, scooters, rollerblades or skateboards are to walk them until they reach the end of school property. For safety sake, children are encouraged to use sidewalks, not the alleys, to go to and from school.
